SUPERVISOR'S CORNER

Technician Performance Ratings/Military Ratings. Performance ratings for technicians
in grades 5 thru 7 are due during the month of May. Military ratings will be
accomplished at the same time on excepted technicians. Technician supervisors will
fwd NGB Form 351-2 to the technicians military supervisor for rating and the
military supervisor in turn will return the rating to the TPO for inclusion in the
technician's Official Personnel Folder (OPF). The technician supervisor will
fwd the technician performance rating along with the military rating to the military
supervisor of the technician involved, so that when the military rating is submitted
to the TPO, the performance rating will be received at the same time.
